

PROJECT # 2 2 I N S T R U C T I O N S H E E T

TRIBAL RATTLE

Materials:

- Black Ink Thai Rock Art paper, #TD-2592
- Small dried gourd or papier mache form
- Dowel or small branch
- Mod Podge and tacky glue
- Pebbles

Equipment:

- Scissors
- Brushes

Instruction Steps:

- 1) Cut off neck of gourd, leaving opening just large enough to insert the handle (dowel or small branch).
- 2) Apply paper to gourd with Mod Podge or watered down tacky glue. (Note: Mod Podge leaves a shiny finish, where as tacky glue leaves more of a satin finish).
- 3) Insert pebbles in gourd and attach handle with tacky glue. Dry.
- 4) Make a braid using 6 strips of paper cut 1/2" wide, to desired length (at least long enough to wrap a couple of times around the neck of the gourd and handle).
- 5) When handle is dry, wrap braid around neck of handle using tacky glue. Fringe the ends of the braid.
- 6) If needed, add a finishing top coat to the gourd with either Mod Podge or watered down tacky glue, depending on desired finish.
